The Public Health Learning Network Workforce Training Chartbook

Developed by the National Coordinating Center for Public Health Training (NCCPHT) Evaluation Team, *The Public Health Learning Network Workforce Training Chartbook* explores collected common metrics for the Public Health Learning Network's 10 Regional Public Health Training Centers (RPHTCs).

All RPHTCs were expected to incorporate the common metrics in their training and field experience evaluation tools beginning July 1, 2016.

The resulting data measures the efficiency of the PHLN and explores best practices. The presentation reports common metrics data from Period 1, July 2016-December 2016.

The *Chartbook* explores the following:

- characteristics of training,
- overview of Common Metrics Data,
- and delivery mode of Common Metrics Data.

Use this resource to learn about the effectiveness of PHLN trainings, modes of delivery, and more.
